TESTIMONIALS

Jakub Bączkiewicz - Senior Software QA @ Capgemini

Wojciech is a role model both in IT world and private life. He has outstanding knowledge regarding programming and software development and is a natural-born leader. He is passionate about what he is doing and always takes responsibility for his and he's team decisions. He has clear vision of the projects he's working in, persistently pursues his goals and makes impossible - possible. I strongly recommend him as your future coworker, teammate and leader.

Patryk Stopyra - Security Developer @ UBS

What is most characteristic for him - it's his engagement. When he obtains a problem to be solved - he focuses on it, gets 100% involved into the subject and does not give up until he comes out with an accurate solution. And he is usually extremely efficient with this.
